RE: Reclamation at Goose Island, Price River Coal Company,
ACT/007/004, Folder No. 14, Carbon County, Utah

On April 19, 1985, Sue Linner, Tom Portle and Lynn Kunzler met with Rob Wiley on site to view the Goose Island Reclamation site in Hardscrabble Canyon.

The site had been regraded, seeded and mulched during the fall of 1984. Shrub planting was scheduled to begin the next week (April 22 - 26, 1985). The site was in good condition with no significant signs of erosion. Although, this was early in the season for this site, several species were emerging.
