Dear Mr. Hutchinson:

RE: Approval of Application for MRP Permit Amendment, Sediment Control on Crandall Canyon Leach Field, Crandall Canyon Mine, ACT/007/004, #3 and #4, Carbon County, Utah

The application for MRP permit revision concerning sediment control on Crandall Canyon leach field submitted July 19, 1985 by Price River Coal Company has been reviewed by the Division. The proposed plans are acceptable and approval is hereby granted by the Division to proceed with construction.

Thank you for your cooperation in this matter. Please contact Dave Hooper or myself should you have questions.

Sincerely,

D. Wayne Hedberg
Permit Supervisor/
Reclamation Hydrologist

Mr. Dave Hooper
Division of Oil, Gas and Mining
355 West North Temple
3 Triad Center, Suite 350
Salt Lake City, UT 84180-1203

Dear Mr. Hooper:

Per our conversation on site Wednesday, July 18, I have sketched up the suggested additions at the Crandall Leach Field.

In addition to the enclosed sketch, if we are allowed to leave the topsoil as previously requested, we will reseed the pile this fall.

If you wish to discuss any of the changes or need further information, please call.

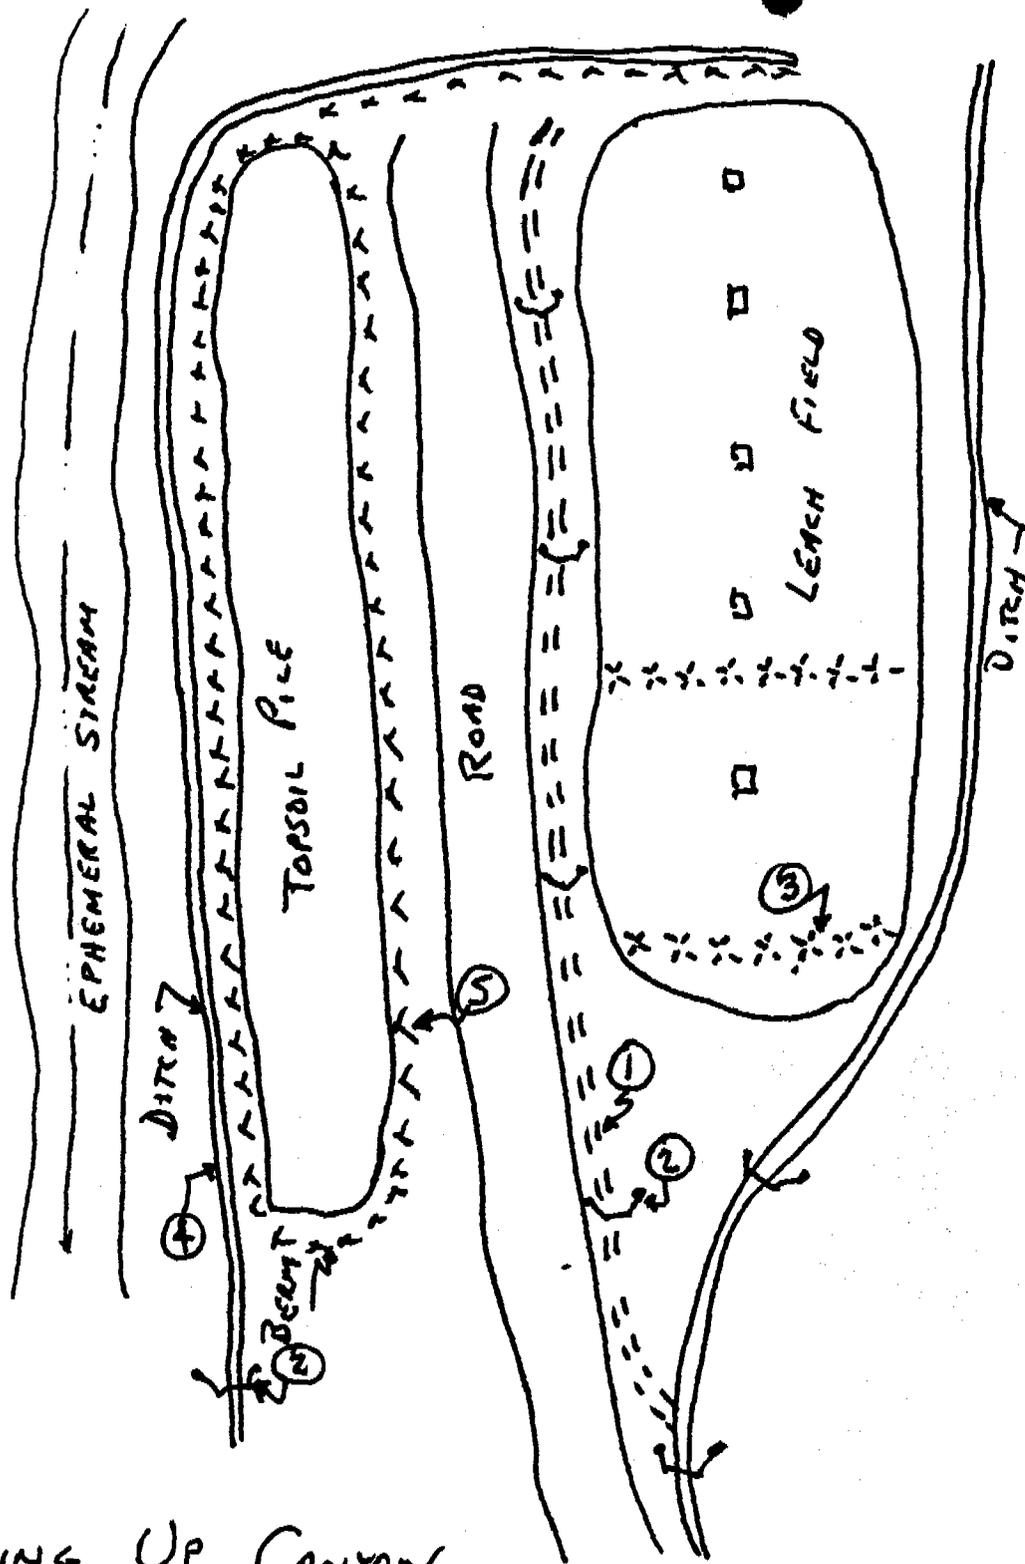

Very truly yours,

PRICE RIVER COAL COMPANY

Kenneth B. Hutchinson
Chief Engineer

KBH:jp

Enclosure: Sketch

LOOKING UP CANYON.

- ① Construct new ditch
- ② Install Silt Fences.
- ③ Construct new berms as needed.
- ④ Clean ditch.
- ⑤ Beef up berm around topsoil.
