OIL, GAS & MINING**

Dear Sir:

Price River Coal Company intends to seal the portals of the old Carbon Fuel No. 2 Mine in Hardscrabble Canyon. These seals are a prerequisite to reclaiming this area per our MRP.

The entries will be sealed according to BLM specifications and under MSHA jurisdiction, since the seals will be built underground.

Sealing of these old openings must be done before transfer of leases to the new operator. If you have any questions or wish to discuss the project, please call me.

Very truly yours,

PRICE RIVER COAL COMPANY
