Mr. Richard Allison
Project Engineer
Castle Gate Coal Company
P. O. Box 449
Helper, Utah 84526

Dear Mr. Allison:

Re: Response to Conditional Approval, MRP Amendment, Drainage Control Modifications, Castlegate Coal Company, Hardscrabble Canyon, ACT/007/004-I, Folders #3 & 7, Carbon County, Utah

The Division has completed the review of your September 17, 1986 conditional approval response which addresses plans for an energy dissipator at the outlet of diversion-3A. The operator's response is not adequate to address the condition. Please refer to the attached technical review memorandum for an explanation of the specific technical deficiencies which remain to be addressed.

Please provide a revised response to these remaining concerns on or before November 14, 1986. Thank you for your continued cooperation in completing this permitting action. Should you have questions or require additional information please contact me or Dave Cline of the permitting staff.

Sincerely,

D. Wayne Hedberg
Permit Supervisor/
Reclamation Hydrologist
