June 19, 1986

Mr. Richard Allison
Castlegate Coal Company
P.O. Box 449
Helper, Utah 84526

Dear Mr. Allison:

RE: Special Condition #6, Price River Complex, ACT/007/004,
Folder No. 4, Carbon County, Utah

Special Condition #6 was imposed on Price River Coal Company's Mine Permit to characterize ground water movement, flow and quality within the mine area and to obtain supplemental information defining the existence of aquifers to that which is normally collected by drilling and pumping methods.

In an attempt to get all conditions to the permit fulfilled, we request that Castle Gate Coal Company address Condition #6 by July 25, 1986.

I recommend that you contact David Darby of our staff to assist you in establishing an in-mine monitoring program. He will be glad to help you pick representative monitoring sites and adopt the parameters necessary to define the ground water regime.

If you have any concerns please feel free to call me.

Sincerely,

for Lowell P. Braxton, Administrator
Mineral Resource Development
and Reclamation Program
