February 11, 1986

Mr. Kenneth B. Hutchinson  
Chief Engineer  
Price River Coal Company  
P. O. Box 629  
Helper, Utah 84526

Dear Mr. Hutchinson:

RE: MRP Amendment, Review of Request for Underground Mine  
Sequence Change, D-Seam and Sub-3 Seam, #3 & 5 Mines,  
Price River Coal Complex, ACT/007/004, #4 and #16, Carbon  
County, Utah

The Division has completed its review of a copy of Price River Coal Company's December 18, 1985 request to the BLM for approval of the underground mine sequence and pillar extraction change as referenced above. The BLM approved your request on December 24, 1985.

Because this change is considered an amendment to the mining and reclamation plan for the Price River Complex, the updated mine sequence change must be incorporated into the approved MRP on file. Therefore, the Division requests an additional ten (10) copies of the revised maps and appropriate text to update all MRP copies on file with pertinent state and federal agencies.

If possible, please provide these copies by February 24, 1986. Thank you for your cooperation and attention to this matter. Should you have questions, please call.

Sincerely,

A handwritten signature in cursive script that reads "D. Wayne Hedberg".

D. Wayne Hedberg  
Permit Supervisor
