Dear Mr. Braxton:

Enclosed are as-built Pond Certifications for Ponds 005, 010 and 013. This leaves Ponds 004 and 007 as the only non certified ponds on Castle Gate's property.

*(on July 9<sup>th</sup>)*

*007?* Earlier this week, I sent to you a modification to the outlet structure of Pond *004*. When this modification is approved by your office and construction is complete, I will send you an as-built certification for this pond.

I have nearly completed the design modifications to Pond *004*. As soon as I have this design complete, I will send you a copy for your approval. Again, as soon as construction is complete, I will send to you an as-built certification for Pond *007*.

Thank you for your cooperation in getting this documentation completed.

Sincerely,

*Richard H. Allison, Jr.*
