RE: Mid Term Permit Review

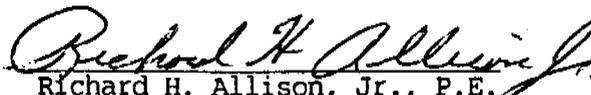

Dear Mr. Braxton:

Enclosed are two copies of Chapters I through IV of Castle Gate's Permit. These chapters have been revised to reflect changes in the mine operation since Castle Gate Coal Company took over operation of this complex.

The four binders contain all the maps for the permit. The maps have been revised where necessary to reflect Castle Gate's ownership and mining plans. Some maps have been deleted as the information was no longer relevant or information was combined into one map when possible.

I plan to send you the next seven chapters within three weeks.

Sincerely,

  
Richard H. Allison, Jr., P.E.  
Project Supervisor
