Mr. Randy Harden
Division of Oil, Gas & Mining
3 Triad Center, Suite 350
Salt Lake City, UT 84180-1203

Dear Mr. Harden:

Susan Linner sent a letter to me on July 15, 1988, requesting twelve (12) copies of the material which I sent to the Division on the emergency escape hoist. The letter and supporting documentation was not intended to be incorporated into the permit as a modification but rather to inform the Division of ~~Castle Gate's~~ intention to do some minor modifications to the return air shaft by installing a hoist.

Rather than send twelve (12) copies of this letter, I propose to send you twelve (12) copies of a new aerial photo which I am having done in September which will locate the shaft and escape hoist. This new map will replace some of the existing maps of ~~Crandall Canyon~~.

Please advise me if this is suitable to the Division.

Sincerely,

Richard H. Allison, Jr., P.E.
Project Supervisor
