November 24, 1989

CERTIFIED RETURN RECEIPT REQUESTED  
No. P 075 063 275

Mr. James W. Buck, Manager  
AMAX Coal Industries, Inc.  
One Riverfront Place  
20 North West 1st Street  
Evansville, Indiana 47708-1258

Dear Mr. Buck:

Re: Completeness Review, Castle Gate Coal Company, Price River Complex,  
ACT/007/004, Folder #2, Carbon County, Utah

The Division has finished its administrative completeness review of the Mining and Reclamation Plan submitted for permit renewal for the above-referenced mine. One item has been found to be incomplete, as detailed below. Since the plan is substantially complete, the Division will notify other agencies of the opportunity to review the complete plan at this time.

As detailed in my November 16 letter, technical deficiencies will be forwarded to you next week. Based on those deficiencies, a mutually agreeable schedule for submission of the required information and identification of issues that need further resolution will be submitted by AMAX by December 15, 1989. It is also requested that the map required for completeness be submitted by that date if possible.

If the December 15 schedule is adhered to, a short-term permit will be issued upon expiration of the current permit, conditioned on meeting the mutually derived schedule for technical deficiency submissions and Division review.

Completeness Deficiency

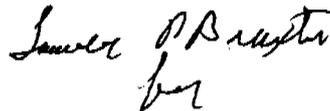

UMC 783.25 Cross-Sections, Maps, and Plans - MMD

Section 3.5-3 refers to Exhibit 11-7 for the as-built configuration of Pond 010. This exhibit was not located in the submittal. The operator must submit an accurate as-built drawing of Pond 010 as required by this regulation and as per the requirements enumerated in UMC 817.46 and UMC 817.49.
