Price, Utah 84501
My Commission Expires
October 22, 1994
State of Utah

Utah Division of Oil, Gas and Mining has received a request for bond release of the Willow Creek Site, pursuant to Utah Division of Oil, Gas and Mining permit, ACT/007/002, approved and issued May 25, 1990. Release of the entire surety bond of \$10,000 is being requested by: Blackhawk Coal Company, P.O. Box 700, Lancaster, Ohio 43130.

Blackhawk Coal Company has completed reclamation on approximately 4.2 acres situated in Carbon County, Utah and located in:

Township 12 South, Range 10 East, Section 31: Portions of SW $\frac{1}{4}$ SW $\frac{1}{4}$.

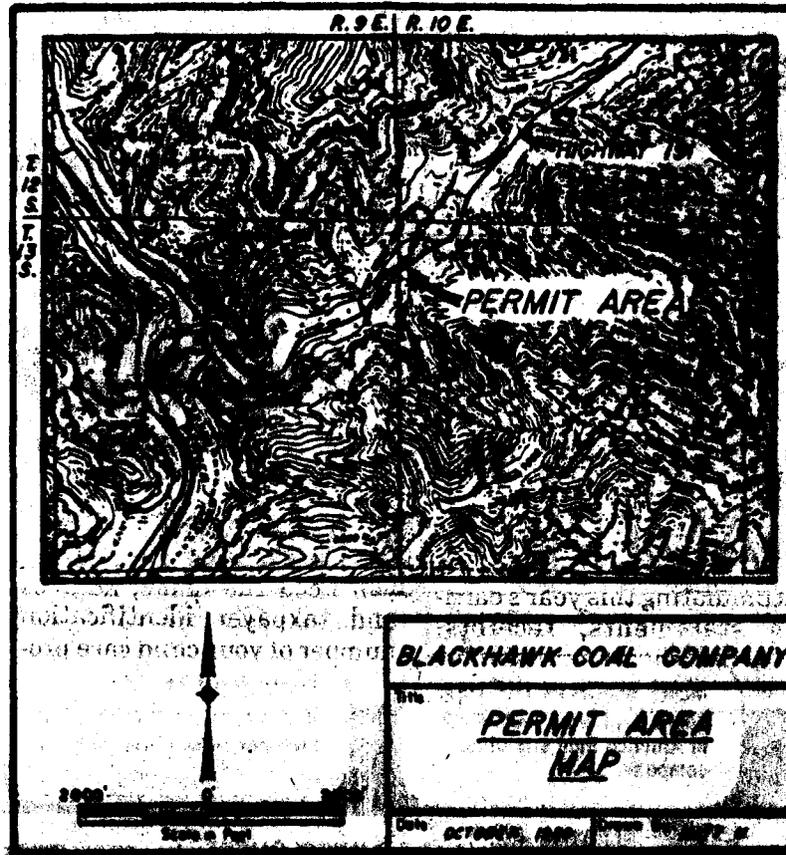

Township 13 South, Range 9 East, Section 1: Portions of E $\frac{1}{4}$ NE $\frac{1}{4}$.

Township 13 South, Range 10 East, Section 6: Portions of NW $\frac{1}{4}$ NW $\frac{1}{4}$.

The referenced area is located approximately three miles north of Helper, Utah adjacent to Highway 191 and can be located on the U.S. Geological Survey 7.5 minute quadrangle map entitled Helper, Utah and is shown on the attached Permit Area Map.

The site work, completed September, 1990, prepared the permitted area for light industrial land use, under conditions set forth by the Carbon County Planning and Zoning commission in a resolution dated November 14, 1989. Final site configuration includes sediment control structures, access road, parking area, storage building, fenced storage yard and fenced electrical substation. These features will allow implementation of the approved post mining land use.

Any person wishing to submit written comments, objections or requests for public hearing or informal conference may do so by contacting the Division, prior to March 4, 1991, at: Utah Division of Oil, Gas and Mining, 3 Triad Center, Suite 350, 355 West North Temple, Salt Lake City, Utah 84130 (801)538-5340

Published in the Sun Advocate January 8, 15, 22 and 29, 1991.
