Dear Mr. Buck:

Re: Permit Stipulation, Castle Gate Coal Company, Castle Gate Mine, ACT/007/004,
Folder #2, Carbon County, Utah

As you are aware the Division renewed the permit for the Castle Gate Mine on December 24, 1990. A stipulation to that permit renewal required that ten (10) additional copies of the complete Mining and Reclamation Plan (MRP) be submitted for distribution to other agencies. This letter will serve as notification that the Division received the required copies on January 24, 1991. Stipulation R614-303-122-(DRH) has now been addressed.

The Division has distributed the MRP to other agencies and will allow for their comment. Please be aware that any MRP deficiencies brought to light by the reviews of other agencies will need to be resolved and may require MRP amendment or revision.

Your help in completing this stipulation is appreciated. If you have any questions don't hesitate to call.

Sincerely,

A handwritten signature in cursive script that reads "Daron R. Haddock".
