Mr. Paul Baker
State of Utah
Department of Natural Resources
Division of Oil, Gas and Mining

Re: Deficiencies in Revegetation Plan, AMAX Coal Company, Castle Gate Mine, ACT/007/004, Folder #3, Carbon County, Utah

Please consider, Mr. Baker:

Accompanying this letter of transmittal is the response to the above cited deficiencies. Please contact me for resolution of any questions or comments you may have. Please note the draft language I have incorporated on page 16 of Chapter IX with respect to reference areas for previously mined areas. I really appreciate all the work you have put into that issue. Thank you.

Conveyed with greetings from

D.G. Steward
Manager, Environmental Affairs
