Dear Mr. Allison:

Re: Construction to Abate Violations and Division Orders, Correspondence Dated July 14, 1992, AMAX Coal Company, Castle Gate Mine, ACT/007/004, Folder #3, Carbon County, Utah

Your letter dated July 14, 1992, indicated that AMAX has proposed two construction projects which are intended to abate violations and satisfy Division Orders. The Division is currently in the process of reviewing the proposals. Once the proposals are reviewed and if found satisfactory, the Division will then notify you with respect to timeframes considered reasonable for construction. Timeframes of 30 days are more in line with normal abatement of NOV's and Division Orders than the 90 day timeframes you have requested.

Please call with any questions.

Sincerely,

Lowell
