Dear Mr. Laird:

Re: Ownership and Control Information, Amax Coal Company, Castle Gate Mine,  
ACT/007/004, Folder #2, Carbon County, Utah

Recently the Division's Price Field Office received information from your office entitled Application For Approval Transfer, Assignment or Sale of Permit Right. It appears that Amax is undergoing some type of change in ownership or control. It was not clear from the information given what effect changes at Amax are having on the Castle Gate Mine. If indeed, there is a transfer from Amax Coal Company to Amax Land Company additional information is needed. It was also noted that reference to the UMC regulations was still made. The UMC regulations no longer exist and have been replaced by the R645 regulations.

The Division appreciates being apprised of changes in the legal/financial status of mine permittees. Would you please review the requirements of R645-303-300 to ensure that you are in compliance and submit any additional information that may be needed.

Please call if you have questions.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock".
