Dear Mr. Allison:

Re: Hardscrabble Canyon Deficiencies, Amax Coal Company, Castle Gate Mine, ACT/007/004, Folder #2, Carbon County, Utah

The Division has completed a review of your Hardscrabble Canyon submittal received at the Division offices on February 18, 1992. Your submittal appears to be a big improvement over previous submittals for the Hardscrabble area. There are, however, a few deficiencies that still need to be addressed. These are discussed in the attached technical memos written by the Division's staff. Please review the memos and correct the deficiencies by May 1, 1992 as per our mutually agreed upon schedule.

You should be aware that the reviews were conducted for the Hardscrabble area only and are not intended to determine completeness of your responses to the December 18, 1990 Division Order requirements. We encourage you to continue your efforts to complete the submittals required by Stipulation under Docket No. 91-001.

Thank you for your cooperation in this matter. If you have questions, please don't hesitate to call.

Sincerely,

A handwritten signature in cursive script that reads "Daron R. Haddock".

Daron R. Haddock  
Permit Supervisor
