Dear Paul:

Attached are the lab analysis performed on soil samples at the Prep Plant and Sowbelly Canyon. Please review the analysis and recommend soil amendments for the areas. Environmental Industrial Supply (EIS) would like to add soil amendments as soon as possible so that they can begin the seeding operation.

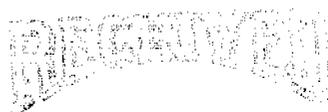

Please call me with your recommendations and fax them to EIS (801/472-8780) in Helper.

Sincerely,

Richard H. Allison Jr. P.E.
