SUBJECT: Amendment to Permit 007/004 concerning the Refuse Pile diversions, Preparation Plant and Refuse Disposal Facility, Castle Gate Mine, Carbon County, Utah.

Dear Mr. Haddock:

Enclosed are two copies of Tables 3.4-21 and 3.4-22 that support Chapter 3.4 of the Castle Gate Coal Mine permit. The tables were recently updated to correct a typographical error. Both tables are now in agreement with the April 13, 1993 update to Appendix 3.4J, which contains hydrologic calculations for the School House Canyon Refuse Area.

Please replace Tables 3.4-21 and 3.4-22 in both of your copies of the April 13, 1993 permit revision submittal with the enclosed tables. We apologize for any inconvenience this may have caused. You may call Bill Hendrickson at EarthFax Engineering, Inc. if you have any questions concerning this matter.

Sincerely,

Richard H. Allison, Jr. P.E.
Project Supervisor
