RE: Crandall Canyon Review Comments dated April 15, 1993

Dear Daron:

Pursuant to our telephone conversation on May 3, 1993, I am requesting an extension to the 17 May response by AMAX as requested in your 15 April letter. As I told you in our phone conversation, the amount of changes to the permit for Crandall Canyon requested by the Division will require much more time than was allowed.

You suggested that we have a meeting in the near future to discuss a new time table and the appropriateness of some of the requested information because the mine is being reclaimed. I am requesting that the submittal date be postponed and a new date for submittal established at the meeting.

Sincerely,

Richard H. Allison, Jr. P.E.
Project Supervisor
