Dear Mr. Allison:

Re: Updated Ownership and Control Information, Amax Coal Company, Castle Gate Mine, ACT/007/004, Folder #3, Carbon County, Utah

The Division recently received a letter from Steven R. Laird dated February 12, 1993, in which he listed the latest corporate tree for AMAX Coal Company. We were happy to receive the updated information and thank you for keeping our records current.

There appears to be a few discrepancies between the information provided and the information in your Mining and Reclamation Plan. For example the February 12th information indicates that the permittee (applicant) office is located in Evansville, Indiana whereas your MRP states that it is in Indianapolis. There are a number of other differences between the February submittal and your MRP. It is thought that the information in your MRP is outdated and needs to be brought up to date. Would you please check your records and revise the legal financial, and compliance section of your MRP to reflect the current and correct information.

Thank you for your help and please call if you have any questions.

Sincerely

A handwritten signature in cursive script that reads "Daron R. Haddock".
