Re: Revised Mining and Reclamation Plan, AMAX Coal Company, Castle Gate Mine, ACT/007/004, Folder #2, Carbon County, Utah

Dear Mr. FIELD(002):

Enclosed is one (1) copy of AMAX Coal Company's revised Mining and Reclamation Plans ("MRP"), for the Castle Gate Mine in Carbon County, Utah. This material should be used to update your file copy of the approved MRP for this mine.

During the last renewal of the Castle Gate Mine permit the Division identified a number of deficiencies in the existing MRP. Essentially it contained sketchy information and marginal reclamation details. The Division ordered AMAX to provide better and more accurate plans. The enclosed updates are the fulfillment of that order.

Please provide any written or verbal comments you may have on these plans by September 28, 1994. If you have any questions or need additional information, please contact me or Randy Harden, Senior Reclamation Engineer, at your earliest convenience.

Sincerely,

A handwritten signature in cursive script that reads "Daron R. Haddock".
