Dear Mr. Grimes:

This Division received the ownership and control information for the Castle Gate Mines on March 4, 1994 and determined the information complete. This amendment has been assigned permit change number ACT/007/004-94B.

The Division is currently processing this information. Due to the fact that Cyprus-Amax is a multi-state entity, this information must be included and verified by OSM in the Applicant Violator System (AVS).

The Division will notify you when this process is complete and the information can be incorporated into the Castle Gate Mines Mining and Reclamation Plan.

If you have any questions, please call me.

Sincerely,
