Mr. Johnny Pappas  
Environmental Engineer  
Cyprus Plateau Mining Corporation  
PO Drawer PMC  
Price, Utah 84501

Dear Mr. Pappas:

Subject: UPDES Permit UTG040012, Elimination of Outfalls 016 and 017

We have recently received a letter from Mr. Daron Haddock of the Division of Oil, Gas & Mining (DOGM). DOGM agrees with your request to have outfalls 016 and 017 deleted from general permit UTG040012. It is our understanding that these two ponds (016 and 017) have been physically removed as part of the reclamation project in Sowbelly Canyon. Utah Administrative Code (UAC) R317-8-5.6(3)(f) and R317-8-5.6(3) indicate that in this case deletion of point source outfalls are a minor modification of the permit and minor modifications do not need to be public noticed. Therefore, based on the regulations cited above, discharge points 016 and 017 are hereby deleted from general permit UTG040012 as of the date of this correspondence. All of the other discharge points under general permit UTG040012 shall remain in full coverage under that permit.

If you have any questions, please give Mike Herkimer a call at 538-6058.

Sincerely,

Utah Water Quality Board

Don A. Ostler, P.E.  
Executive Secretary
