RE: Draft Review, Phase I As-Built, Castle Gate Mine, AMAX Coal Company,
ACT/007/004, Working File, Carbon County, Utah

#2

AMAX Coal Company has submitted replacement maps and table for inclusion in there plan as as-built drawings. This submittal has been reviewed and is acceptable for this purpose.

Along with this submittal, AMAX Coal company included a letter from Mr. William Henderickson of EarthFax to Mr. Johnny Pappas of Cyprus/AMAX which discussed all fifteen issues brought about in the Divisions finding on reclamation and as-builts. Many of these issues will require field work to correct. Judgement on the adequacy of such issues will be reserved until more exact plans and reconstruction is complete; however, the conceptual ideas described in Mr. Hendrickson's letter are acceptable and if carried out should satisfy the Division's requirements.
