Subject: Amax Permit

I just talked with Lonnie about the person who signed the Amax permit. He said the person is with Cyprus' eastern operations and that he's not the one who should have done it. He needs a blank so he can get someone else to do it.

I asked Lonnie about updating the ownership and control information in the plan. He just got a disk with all the new stuff, and he'll be sending it to EarthFax to get it in the right format for the plan.
