Re: Phase I Bond Release Application at Sowbelly Canyon, AMAX Coal Company,
 Castle Gate Mine, ACT/007/004-94E, Folder #3, Carbon County, Utah

Dear Mr. Pappas:

The Division has reviewed your February 22, 1995 and June 27, 1995 submittals of documents associated with completion of Phase I reclamation at Sowbelly Canyon. While it appears that AMAX has provided appropriate information, these submittals have become obsolete due to the changes in reclamation configuration that have recently been approved. In order for us to clear the record on this matter, Amendment 94E is hereby denied and we are returning the documents to you for further processing. We will expect you to resubmit them or updated versions of the documents upon completion of the construction that is presently taking place. At that time we will assign a new permit change number.

Thank you for your help during the permitting process.

Sincerely,

Daron R. Haddock
 Permit Supervisor
