RE: Division Orders 96A for ACT/007/038 and ACT/007/004, Willow Creek Mine,  
Cyprus Plateau Mining Corporation, Folder #2, Carbon County, Utah

Dear Mr. Grimes and Mr. Pappas:

I apologize for the ten day difference between the cover letter and the referenced Division Orders. For clarification, amendments to the operation and reclamation plan as outlined in the permit deficiency findings must be reviewed, approved and if necessary implemented by no later than August 1, 1996. It is imperative that on the ground activities comport with the approved mining and reclamation plan especially with regard to the development of new facilities. Therefore an extension outside the scope of the Division order is not possible. The abatement time provided for in a Notice of Violation would be an alternative that may accommodate your needs however, I would not recommend this option at this time. If you have any questions please call me.

Sincerely,

A handwritten signature in cursive script that reads "Joseph C. Helfrich".

Joseph C. Helfrich  
Permit Supervisor
