Dear Mr. Baker,

RE: NOV N97-41-1-3 NO. 2 OF 3 REQUEST FOR EXTENSION OF TIME

We request an extension of time to comply with a portion of the remedial action for violation N97-41-1-3 No. 2 of 3. The non-coal waste has been cleaned up in the field, however, the portion of the remedial action requiring revision of the MRP to include the areas where dumpsters are located cannot be completed by Jan. 15. As I discussed with you by phone a few days ago, the violation language is not clear in this regard.

The MRP discusses non-coal waste and the fact that it will be controlled and hauled by local disposal companies to permitted land fills. However the specific locations of dumpsters is not shown in the MRP.

We request a 15 day extension to submit the revised map and text to accomplish the MRP change.

Respectfully,

Ben Grimes
Sr. Staff Project Engineer
