RE: Submittal of Revisions Associated with the Transfer of Power Lines from the Castle Gate Permit to the Willow Creek Permit, Castle Gate Holding Company, Castle Gate Mine, C/007/004-AM01E

Dear Ms. Grubaugh-Littig,

Please find enclosed two copies of Page 3.3-40 associated with the revisions to the Castle Gate Mine permit transferring the power lines connecting Sowbelly, Hardscrabble and Crandall Canyons to the Willow Creek Mine permit.

Per a discussion with Karl Housekeeper, of the UDOGM Price Field office, the redlined version of Page 3.3-40 submitted on August 29, 2001 did not match the pagination in the currently approved permit. We were assured by Mr. Housekeeper that per a conversation with you that a corrected Page 3.3-40 could be resubmitted as an attachment to this letter. The difference between the first page submitted and the current page being submitted is that two approved lines of text have been added to the bottom of the attached Page 3.3-40.

A copy of this amendment is being forwarded to the Price Field Office.

Should you have any questions concerning this amendment to the permit, please do not hesitate to call Johnny Pappas.

Sincerely yours,

Vicky S. Miller
