**Re: Water Monitoring Revisions, Castle Gate Holding Company, Castle Gate Mine,
C/007/004-AM01C, Carbon County, Utah**

Dear Mr. Haddock:

Castle Gate Holding Company (CCHC) is submitting clean copies for the aforementioned. Regarding the minor corrections, CGHC does not like to add page numbers to appendices, tables, figures, and exhibits within its documents due to the challenges numbering these pages entails.

However, the way this document is formatted does present the information in a chronological order by which the reader can find the information easily. CGHC did generate a Table of Contents for the text portion of the document and a List of Figures and Tables that list the figures and tables in sequence as they are presented in the document. Also, one change to the clean copy text was made where it states that sampling is through the third quarter of 2001, instead of second quarter 2001. CGHC hopes this is acceptable to the Division.

If the Division has any questions, please do not hesitate to contact me at (435) 472-4741.

Sincerely,

Johnny Pappas
Sr. Environmental Engineer
