**Subject:** RE: 4th Quarter Water Data

Dana,

I thought I had already input ST-1, anyway it should be there now. I did not see any data on the Willow Creek Outflow UTG040012-001 on the report you ran so I input the data. My input for the month of November had an error stating that this data already existed.

Dennis

Dennis,

I have uploaded all of the 4th Quarter 2004 information for Star Point, Willow Creek, and Castle Gate from the pipeline into the database. A report is attached.

As a reminder, according to parameters set by the assigned hydrologist, you are still missing a sample for ST-1 at Star Point (quarterly sample).

Please let me know if you have any questions.

Thank you,

Dana Dean, P.E.  
Senior Reclamation Hydrologist

Dana,

Please upload my sample water data for Castle Gate, Willow Creek and Star Point and let me know if there is anything missing. It is possible that I input the same sample more than once.

Thanks,  
Dennis Ware
