This Annual Report shows information the Division has for your mine. Please review the information to see if it is current. If the information needs to be updated please do so in this document. At the end of each section the operator is asked to verify if the information is correct. Please answer these questions and make all comments on this document. Submit the completed document and any additional information identified in the Appendicies to the Division by April 30, 2009. During a complete inspection an inspector will check and verify the information. To enter text, click in the cell and type your response. You can use the tab key to move from one field to the next. To enter an X in a box, click next to the box, right click, and select properties, then the checked circle, then hit enter, or hit the unchecked circle if the X is to be removed.

Year 9 Vegetation Study for Hardscrabble Canyon.

Inspector:

Has the operator complied with this section? Yes No

Inspector Comments:

Report reviewed by Ingrid Wieser. Vegetation in the reclaimed area in Hardscrabble canyon and the associated reference area were monitored by Pat Collins of Mt. Nebo Scientific in 2008 for the Year 1 of 2 requirements for phase III bond release. The total living cover of the reclaimed area was estimated at 53.95% consisting mostly of grasses. The total living cover of the reference area was estimated at 42.5% consisting mostly of grasses. Density values were not obtained for either area. Diversity and similarity indices were obtained as well as color photographs of the areas.

LEGAL, FINANCIAL, COMPLIANCE AND RELATED INFORMATION

Change in administration or corporate structure can often bring about necessary changes to information found in the mining and reclamation plan. The Division is Requesting that each permittee review and update the legal, financial, compliance and related information in the plan as part of the annual report. Please provide the Department of Commerce, Annual Report of Officers, or other equivalent information as necessary to ensure that the information provided in the plan is current. Provide any other change as necessary regarding land ownership, lease acquisitions, legal results from appeals of violations, or other changes as necessary to update information required in the mining and reclamation plan. Include certified financial statements, audits or worksheets, which may be required to meet bonding requirements. Specify whether the information is currently on file with the Division or included as Appendix C to the report.
