Subject: Phase III Bond Release Inspection for Reclaimed Areas of the Willow Creek Mine, Hardscrabble and Sowbelly Canyons

Dear Mr. Haddock,

Plateau Mining Corporation has completed Phase III of the approved reclamation plan for the Hardscrabble and Sowbelly Canyon areas. The Phase III Bond Release Inspection took place on August 29, 2012. A total of 57.44 acres have been reclaimed and the post mining land will go from industrial to wildlife habitat, grazing and recreational use. The BLM concurs with the reclamation and the post mine land use change that has taken place.

If you have any questions concerning this matter, please contact Sue Wiler at (435)636-3651.

Sincerely,

ACTING FOR Patricia A. Clabaugh  
Field Manager
