Hello Marc, Steve and Christine,

I just wanted to make each of you aware (if you were not already) that the Division will be conducting a Phase III Inspection of Hardscrabble and Sowbelly Canyons within the Castle Gate permit area on August 29, 2012 at 10AM. I am still in the process of finalizing the meeting place with the operator but wanted to give you a heads up on the date so that you could add it to your schedules or find another person on your staff to attend.

I will be sending out a hard copy invitation letter but if you could R.S.V.P. to this email and let me know if somebody from your office will be able to make the inspection, I would appreciate it.

Thanks very much!

April
