Dear Mr. Feight:

Submitted with this letter are three copies of Plate 1 of our proposed drilling program submitted to you March 25, 1981. The Plate has been amended to include a proposed drill hole site at UM-81-23-1. Table 1 of the proposal should also be amended to include the following:

Table 1
1981 Exploration Program
SKYLINE MINES LEASES

<u>Test Hole No.</u>	<u>Location</u>	<u>Estimated Total Depth</u>	<u>Lease No.</u>	<u>Purpose</u>

The additional site is to serve as a possible water well site for the mine and is located near our proposed water storage tanks.

Please include this site in your permit evaluation. Should you have further questions concerning this amendment, please contact me at (801) 566-7111.

Sincerely,
