Dear Dr. Nielson:

The Office of Surface Mining Western Technical Center (OSM) has received the August 12, 1985, Utah Fuel Company's submittal of an amendment to the approved mine reclamation plan of Utah permit No. ACT/007/005 for the Skyline mine. OSM reviewed this submittal and has determined that it does not constitute a modification to the approved mining plan under 30 CFR 746.18. Based on the review of the submittal, OSM concurs with the Division of Oil, Gas & Mining's (DOGM's) decision to approve the submittal as indicated in DOGM's letter dated September 4, 1985.

If you have any questions, please contact Richard Holbrook at (303)844-2451.

Sincerely,

Mel Shilling
