Re: Abatement NOV 85-2-9-2 (2 of 2)

DIVISION OF OIL
GAS & MINING

Dear Ms. ^{Sandy} Pruitt:

We have completed work on parts A, B, & C for abatement of NOV 85-2-9-2 (2 of 2). We would like to request an extension on part D. We are ordering a special elbow to bring the drainage out on the surface where it can enter the stream channel. This is also going to require considerable backhoe work. We are proposing to have this work done by the same contractor that is going to do the work in the North Fork. He is planning on moving equipment onto the mine site about August 1st. We would expect this work to be completed by August 10th.

We would appreciate receiving this extension of time.

Sincerely,

Keith W. Zobell
