Ladies and Gentlemen:

RE: Submittal of Approved Plans for Construction of North Fork  
Drainage System, Utah Fuel Company, Skyline Mines,  
ACT/007/005, #3 and #4, Carbon County, Utah

As per DUGM letter of December 19, 1984, the construction plans for the drainage system in the North Fork Diversion have been approved. In order to update the Mining and Reclamation Plans (MRP) of the Office of Surface Mining, the Division requests seven (7) complete copies of the approved construction plans from Utah Fuel Company. The plans must be in such a format so that they can readily be inserted into the MRP.

Thank you for your cooperation in this matter. If you have questions concerning this matter, please contact me anytime.

Sincerely,
