Dear Mr. Klein:

RE: MRP Permit Amendment, Open Coal Storage Area Modification,  
Utah Fuel Company, Skyline Mine, ACT/007/005, #3 and #15,  
Carbon County, Utah

Enclosed please find one (1) copy of Utah Fuel Company's Permit Amendment referenced above. This Amendment is being forwarded for review by the Office of Surface Mining, if warranted. Based upon discussions held between Susan Linner of this office and Walter Swain of your office during the last week of December, the status of this plan was agreed upon.

The Division appreciates your cooperation and asks that all comments and communications, regarding the mining and reclamation plan review, be channeled through this office to allow a single set of stipulations and requirements to be sent to the operator. The Division anticipates completing the review of the proposal by January 28, 1985. If you have any questions, please contact me or Mary M. Boucek of the permitting staff.

Sincerely,

A handwritten signature in cursive script that reads "D. Wayne Hedberg".
