OIL, GAS & MINING**

Dear Dr. Nielson:

Submitted herewith for your approval are fourteen (14) copies of the Renewal Application for Coastal States Energy Company's SKYLINE MINES, MINING AND RECLAMATION PLAN. This Renewal Application for Mining Permit is submitted pursuant to Title 40, Chapter 10, Utah Code Annotated 1953, as amended; The Cooperative Agreement between the United States Department of Interior and the State of Utah; the Surface Mining Control and Reclamation Act (P.L. 95-87); the Federal Land Policy and Management Act of 1976 and all regulations promulgated under those Acts affecting coal mining operations conducted in the State of Utah.

In preparation of the documents, we have attempted to address the regulations clearly and concisely and to maintain continuity with the previously approved Mining and Reclamation Plan. It has been our intent to organize these documents in a manner which will help expedite your review process.

Questions concerning this submittal should be coordinated through Mr. Keith Welch of my staff.

Sincerely,

Vernal J. Mortensen
Senior Vice President
