RE: Application for Permit Modification, Utah Fuel Company, Skyline Mine,
ACT/007/005, Carbon County, Utah

In Reply Please Refer To Case No. I655

Dear Mr. Braxton:

The Utah Preservation Office has received for consideration the above referenced project. After review of the modification, our office notes that the cultural resource survey completed by AERC indicated that no sites were located in the modification area. Therefore, our office has no further comments about the project. We would concur with the determination of no effect if made by the responsible federal agency, Office of Surface Mining.

Since no formal consultation request concerning eligibility, effect or mitigation as outlined by 36 CFR 800 was indicated by you, this letter represents a response for information concerning location of cultural resources. If you have any questions or concerns, please contact me at 533-7039.

Sincerely,

James L. Dykman
Cultural Resource Advisor

Preservation Officer
