Dear Mr. Naten:

In response to your request for information on water and updated list of corporation officers, we are submitting the following information.

Records show that Utah Fuel Company augmented the Colorado River drainage system as follows:

| | |
|---------------------------------|-----------------------|
| Discharge Mine Water | 220 Ac. ft. |
| Water pumped from Wells | -30.8 Ac. ft. |
| Evaporation from Sediment ponds | <u>-1.25 Ac. ft.</u> |
| Total Augmentation | 187.95 Ac. ft. |

The evaporation from the sedimentation pond was calculated for us by Kaiser Engineering. Their calculations correlate closely with the NOAA data.

This information is to update through revision or supplementation, the corporate information originally filed in Volume 1, Chapter 2 of the Skyline Mining and Reclamation Plan.

The Skyline properties were acquired (100% ownership) by Coastal States Energy Company (CSEC) in March, 1978. During 1979 a 50% interest in the properties was conveyed to Getty Mineral Resources Company (GMRC) pursuant to a Joint Venture agreement between CSEC and GMRC. GMRC, a Delaware corporation, was a wholly owned subsidiary of Getty Oil Company. Subsequently, the Joint Venture parties submitted and received approval of the Skyline Mining and Reclamation Plan.

In October, 1985, CSEC purchased 100% of the stock of GMRC. Since then, Coastal has reorganized its coal division, resulting in different officers of the various Coastal subsidiaries. Also, on January 20, 1986, the name of GMRC was changed to Skyline Energy Company.

As now exists, CSEC is a wholly owned subsidiary of the Coastal Corporation, a Delaware corporation, with address at Nine Greenway Plaza, Houston, Texas 77046. The officers of CSEC are as follows:

| | |
|-------------------------|---|
| James R. Paul | Chairman of the Board & Chief Exec. Officer |
| James L. Van Lanen | President |
| Robert J. Hummel | Executive Vice President |
| David A. Arledge | Senior Vice President - Finance |
| Jon Bert McElreath | Senior Vice President |
| Austin M. O'Toole | Senior Vice President & Secretary |
| M. T. Arnold | Vice President - Purchasing |
| Wesley F. Blankenship | Vice President - Reserves |
| Robert A. Feilner | Vice President - Marketing |
| William S. Hudgins, Jr. | Vice President, General Counsel & Ass't. Sec. |
| Vernal J. Mortensen | Vice President - Operations |
| Donald J. Appleman | Controller |
| T. E. Jackson, Jr. | Assistant Vice President (Tax) |
| E. C. Simpson | Assistant Vice President (Personnel) |
| Francis T. Kelly | Assistant Secretary |
| Robert A. Shaw, Jr. | Assistant Secretary - Ad Valorem Tax |
| Paul E. Jones, Jr. | Assistant Treasurer |

Skyline Energy Company, now a wholly owned subsidiary of CSEC, has the following officers:

| | |

| James L. Van Lanen | President & Chief Executive Officer |
| Vernal J. Mortensen | Executive Vice President - Operations |

and both maintain additional offices at 411 West 7200 South, Midvale, Utah 84047 (soon to be changed to 175 East 400 South, Salt Lake City, Utah 84111). The registered agent for service of process for both CSEC and Skyline Energy Company is CT Corporation, 811 Dallas Avenue, Houston, Texas 77002.

Coastal Corporation, the parent corporation of CSEC, has only one shareholder owning over 5% of its outstanding common stock. The shareholder is Mr. O. S. Wyatt, Jr.
