Dear Mr. Mortensen:

Re: Determination of Completeness Review, Five Year Renewal, Skyline Mine, ACT/007/005, Folder No. 2, Carbon County, Utah

The Division has reviewed the revised Mining and Reclamation Plan (MRP) submitted February 27, 1987 in response to the Initial Completeness Review of November 18, 1986. The reorganization of the MRP has greatly facilitated the review process. However, the MRP can not yet be determined complete. The attached review details sections of the MRP which are incomplete, as well as areas of Technical Deficiencies.

As you know, the current Skyline permit expires April 30, 1987, so a response at your earliest convenience would be appreciated.

Please feel free to contact me or Susan Linner if we can provide assistance.

Sincerely,

L. P. Braxton
