Dear Mr. Zumwalt:

Re: Clarification of Cessation Order C88-15-1-1, Utah Fuel Company,
Skyline Mine, ACT/007/005, Carbon County, Utah

This letter is to confirm conversations between myself and Bill Shriver on October 14, 1988 and Rick Summers and Keith Welch on October 17, 1988. As relayed in those two conversations, the issuance of Cessation Order C88-15-1-1 does not require the cessation of extraction of coal and transporting it within or from the mine site. The cessation applied to the use of the high nitrite emulsified product used in the longwall operation identified in a meeting held at the minesite on October 12, 1988.

Thank you for your time on this clarification.

Sincerely,

A handwritten signature in cursive script that reads "Lowell".
