Dr. Dianne Nielson, Director
Division of Oil Gas & Mining
335 West North Temple
3 Triad Center, Suite 350
Salt Lake City, UT 84180-1203

Dear Dr. Nielson:

Submitted herewith are two (2) copies of the revised portions of the application to renew the Skyline Mining Permit. These updated documents respond to comments received in a Technical Deficiency Review meeting with your staff on November 22, 1989. This submittal includes three (3) revised drawings: 3.2.1-1, 3.2.1-3 and 3.2.8-3; and updated Engineering Calculation Sections 6 and 10. An explanatory note for Section 7 is also included. A copy of the updated reclamation bond is attached for your files.

It is our understanding that the M&RP approval will include three stipulations and that draft copies of these stipulations are forthcoming for our review. It is our anticipation that pre-publication coordination of these stipulations will minimize their impact.

We again express our willingness to work closely with members of your staff during the final review process to answer questions or to provide additional information as necessary.

Sincerely yours,

Vernal J. Mortensen
Senior Vice President
