Dear Mr. Zumwalt:

Re: Deficiencies in MRP Amendment, Mining Beneath Stream Buffer Zones (page 4-78), Coastal States Energy Company, Skyline Mine, ACT/007/005, Folder #2, Carbon County, Utah

The Division has completed review of your October 12, 1990 submittal regarding the above-referenced amendment (page 4-78). Although we have approved mining beneath the Huntington Creek buffer zone, the Division feels there is not enough information to approve this change to page 4-78.

Additional information required includes the following: 1) a discussion on how this amendment is effected by the rerouting of the natural gas pipeline through Burnout Canyon; 2) a discussion of buffer zones beneath the pipeline; and 3) maps indicating the location of the natural gas pipeline and associated buffer zones.

Please provide the required information by December 14, 1990. If you have any questions please call Dave Darby or me.

Sincerely,

Daron R. Haddock
Permit Supervisor
