RE: NPDES PERMIT UT-0023540

Dear Mr. Reed:

In accordance with the conditions of NPDES Discharge Permit UT-0023540, Part II - A-2 and Utah Mining Code Section 817.52(b)(i)(ii), Utah Fuel Company is herewith providing the required written notification of a failure to comply with the maximum effluent limitation for TDS at the 001 discharge point.

The problem occurred with the sample taken May 9, 1991, which had a TDS concentration of 1073 mg/l. This concentration exceeds the 1000 mg/l maximum limitation for TDS established in the current NPDES discharge permit. The laboratory report was received on May 20, 1991.

Sincerely,

*Keith W. Welch*
