Dear Mr. Zumwalt:

Re: Deficiency, Waste Rock Sampling Amendment (Page 4-19A), Utah Fuel Company, Skyline Mine, ACT/007/005-91A, Folder #2, Carbon County, Utah

The submittal received on January 24, 1991 regarding the above-noted permitting action was reviewed and found to be inadequate by Priscilla Burton and Randy Harden of the Division's technical staff.

The Division hereby denies the above-referenced amendment. In order for the amendment to be approved, it should be rewritten to reflect a quarterly sampling schedule during periods of deposition at the Scofield site, with a minimum of 1 sample per 2000 tons hauled.

Thank you for your cooperation in resolving this matter.

Sincerely,

Daron R. Haddock
Permit Supervisor
