Dear Ms. Nielson,

In the Division order vacating NOV N92-37-1-1, Utah Fuel Company was ordered to complete three action items. These action items are addressed as follows:

Action Item 2.1. *Provide in the 1991 Annual Report a written summary of the experimental practices and trials which have been conducted on the conveyor bench and associated slopes during 1988, 1989, 1990, and 1991, including a discussion of methodologies, successes, failures and conclusions.*

Response: *A written summary of the SCS practices and trials was submitted with our 1991 Annual Report in March, 1992.*

Action Item 2.2. *Attach the information referenced in Part 2.1 above to the Skyline Mine, Utah Fuel Company, Revegetation Plan and Recommendations, Appendix Volume A-2.*

Response: *Fourteen copies of "Conveyor Bench Revegetation Plan Progress Summary" (1989 - 1991) and new index page to be inserted into Appendix Volume A-2 are attached.*

Action Item 2.3. *Place a commitment in the Mining and Reclamation Plan to provide annual written evaluations of contemporaneous revegetation and reclamation on the conveyor bench and slopes.*

Response: *Fourteen copies of pages 4-45 and 4-45A to be inserted into Volume 3 of the Approved M&RP are attached.*
