November 6, 1992

Mr. Don Ostler, Bureau Director  
State of Utah  
Division of Water Quality  
Department of Environmental Quality  
Salt Lake City, Utah 84114-4870

Dear Mr. Ostler:

**RE: NPDES PERMIT UT-0023540**

In accordance with conditions of NPDES Discharge Permit UT-0023540, Part II - I-3 and Utah Coal Mining Rules R645-301-731.223, Utah Fuel Company is herewith providing the required written notification of a failure to comply with the maximum effluent limitations for TDS and for TSS at the 001 discharge point.

The TDS problem occurred with the sample taken October 28, 1992, which had a TDS concentration of 1050 mg/l. This concentration exceeds the 1000 mg/l maximum limitation for TDS established in the current NPDES discharge permit. The TSS problem occurred with samples taken during October wherein the 30 day average of 26 mg/l exceeded the limitation of 25mg/l. The last laboratory report was received on November 6, 1992.

Sincerely,

Keith W. Welch  
Environmental Coordinator
